AXIS S9002 Desktop Terminal

Effective 4K surveillance for server installations

AXIS Camera Station S9002 is an easy-to-install desktop terminal for high-definition surveillance with support for three simultaneous 4K streams. The terminal is preloaded with an AXIS Camera Station client and all necessary software and it is preconfigured to minimize installation time. AXIS S9002 complements AXIS S1032 or AXIS S1048 rack servers to create a high-end surveillance workstation. The terminal has validated hardware components, such as graphic card and CPUs. The product includes three-year hardware warranty with on-site replacement service. AXIS S9002 supports four monitors for optimal system overview. A keyboard and computer mouse are included.

> **Ease of installation**

> **AXIS Camera Station client included**

> **Validated high performing hardware**

> **High-definition surveillance up to three 4K streams**

> **Extensive support**

AXIS S9002 Desktop Terminal
