

## WINMAGplus license - RTD

---

### Part-No. 013608

License option for WINMAG/WINMAGplus basic license. Enables operation of WINMAG via modem, using DS 7600 and DGA 2400 to ESSER IDT (HB and MB series) and fire detection systems (1024 series).

This license may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary Part No. 013609. The update number of the basic license must be included when ordering. Please use order form on [www.esser-systems.com](http://www.esser-systems.com).
